

FREE BET BLACKJACK

FEEL 21 AGAIN!

Free Bet Blackjack plays almost identically to the standard game of 21. To start, players make a bet against the dealer and the additional Push 22 side bet if they choose. Each player and the dealer will get two starting cards, as in standard blackjack. Next, depending on the player's cards, players have the following Free Bet options:

Free Split

Players can split any pair, except 10-value cards, for free. Free re-splitting is allowed.

Free Double

Players can double their bets on any hard 2-card total of 9, 10, or 11 for free. Free doubling after splitting is allowed, when the above double rule is followed. If the player chooses to use the Free Bet, the dealer will place the special Free Bet lammer next to the cards.

MANAGEMENT RESERVES ALL RIGHTS. GAMBLING PROBLEM? CALL 1-800-BETS-OFF. MUST BE 21.
